## General Rules for Photography

1. The entry may be either a color or black and white print.
2. All entries must be a size 8x10 photo or they will be automatically disqualified. The picture must fill this size, not a small picture simply on a size 8x10.
3. The photograph must be in good taste.
4. A student may enter only one photograph per category and may enter no more than two categories.
5. Each photograph must be submitted in a plastic sleeve (no frames).
6. Three judging sheets should be filled out and accompany each entry, along with a 3x5 card stapled to the back of the plastic sleeve containing the entrant's name, school, grade, and category.
7. An "Artist's Idea Statement" must accompany each judging sheet.
8. No item may be entered if it has previously been entered another year.
9. All judging forms and CD must accompany the photo at check-in.
10. Photographs may be edited in the following areas: color correction, cropping, and exposure.
11. The original photo must be submitted on CD in its raw format (please verify the CD on another computer before bringing to the competition).

12. If any changes are made, a list of details showing what the student changed must accompany the photograph entered. Every student must make the changes himself. The following must be included in the list of details:
  - a. Program used
  - b. Color Correction: List each step used if the color was changed (what color and what percentage)
  - c. Cropping: What you cropped and why you cropped
  - d. Exposure: Tell if the photo was lightened or darkened and by what percentage
13. Distortion and changing of the photograph's content is not allowed.

### **Causes for Disqualifications**

1. Not following every direction, including original image, changes, etc.
2. No information attached to the entry
3. A non-working CD making verification of originality impossible
